

Percival Construction won Gold Reserve, the Special Award and the converted Nationals Craftsmanship Award at that Master Builders Auckland National 2018 House of the Year.

This was the first time the special award was presented. There is no criteria for the award. The DNA House with all its unique challenges and charm stood out as a property the judges felt needed to be recognized. They said, *“the architect and builder have achieved an innovative and stunning result for this beach side holiday home.”*

Judges comments for the craftsmanship award included, *“A demanding and difficult build, the craftsmanship can only be described as perfection. This was a house we did not want to leave. Congratulations to a young and very capable builder.”*

Category: New Home over \$2 million

Project: Coromandel Peninsula Beach House (DNA House)
